

Dear Guest,

We would like to draw your attention to couple of obligatory rules while staying with us!

Please keep in mind that your comfort and good experience is our number one priority, anyhow you should:

1. Respect the other members of the house and quit noise or music after 23:00.

2. Avoid smoking inside the flat. It is strictly prohibited  by the EU regulations and we'll have to put a fine up to 250 euro.

To avoid this, please come out to the open air and dispose the cigaret properly after smoking.

3. Be responsible for the equipment and conditions of the apartment. It means that if something is broken or damaged, you can be charged by us for the repair and installation costs.

4. Be responsible for your valuable belongings. From the moment that you get a key, we are never entering the apartment without your request and your personal attendance at the place. So close the doors properly, keep your belongings with yourself in case of not being sure whether to leave them or not.

5. Enjoy being our guest and let us know if we can make your stay better.
